

Grand is certainly a way to describe the townhomes of Millennium Homes' Vizcaya, a resort-style gated community in Essex County.

Vizcaya's Grand Townhome residences, which now include a fully decorated model that is available to tour, have nearly 2,895 square feet of space with four bedrooms, three-and-one-half baths and two-car garages.

The formal spaces of the townhomes feature two-story marble foyers, hardwood flooring, gourmet kitchens, family rooms with corner fireplaces and entertaining space in the living room and formal dining room. The oversized master suite also features a master bath and ample closet space.

Many of the Grand Townhome residences also feature lower levels that open to the patio and grounds below. The space is available for finishing and can be customized, offering the opportunity to create a media or game room complete with wet bar.

"From the finest of finishes to the best in quality craftsmanship, the Grand Townhome residences at Vizcaya offer home owners unrivaled features in luxury townhome living," said Lisa Macchi, executive vice-president of sales and marketing for Millennium Homes.

"Our newly decorated townhouse model is the epitome of luxury living at Vizcaya, overlooking the pristine community gardens that highlight our world-class amenities and breathtaking views. Vizcaya creates a form of resort-style living unlike any other."

Vizcaya offers its home owners a wealth of amenities, including spa and fitness facilities, saunas, steam and massage rooms and a yoga/aerobics room.

Outside, the community offers a tennis court, heated pools, lush gardens and walking paths.

The townhomes are priced starting from \$785,990.

Vizcaya is located 19 miles from Manhattan, 5.5 miles from shopping at The Mall at Short Hills and 8 miles from the New Jersey Performing Arts Center.
